NTHJC's Disclaimer of Responsibility for Safety of Show Participants

The sponsor of a NTHJC approved show is responsible for the condition of show premises, including the arena and warm up areas; the conduct and competence of show activities; and all other aspects of the show.

NTHJC does not assume or accept duty or responsibility for safety at any show regarding participants or any other third parties, or for the horses or other property thereof. NTHJC's limited objective is to encourage "a level playing field" of competition. The designation of "NTHJC approved show" means that if a show's management fully complies with NTHJC rules as contained in the North Texas Hunter Jumper Club Rule Book, NTHJC will accept show results as official and use such results to calculate year end awards.

As an express condition of participating at a NTHJC approved show each owner, exhibitor, trainer, and employees of any of these individuals, and all other participants, assume the risk of participation, and release and discharge NTHJC, its officers, directors, representatives and employees, from any and all liability, whenever or however arising, as to personal injury or property damage occurring because of participation.

NTHJC Show Schedule

The NTHJC SHOW SCHEDULE is available on our website, <http://www.nthjc.com>. Rules of the NTHJC shall generally be influenced by the Rules and Regulations of the USEF, unless such rules are knowingly adapted by the NTHJC to conflict with the USEF.

Anyone applying for NTHJC shows must be a current member in good standing. The following will be considered by the NTHJC Show Committee in assigning future and additional show dates: general benefit to the club membership

and quality of facility. Each applicant will be considered on its own merit - not on a first come first serve basis.

- 3.1.6 Each show facility may have a maximum of two (2) sanctioned NTHJC shows a calendar year, excluding NTHJC Club shows.
- 3.1.7 NTHJC will allocate show dates each year to the facility/manager upon approval by the Show Committee.

- 3.1.11 Rainouts – **In order to announce the cancellation of a show due to rain, the show manager & facility must contact the Show Committee Chairperson first.** If a show is cancelled due to weather the facility will receive the next available rain date unless an exception is asked for. Host barns that cancel only one day of a 2-day show will be eligible for only that day as a rain date.
- 3.1.12 The NTHJC Show Committee will make suggestions and resolve problems for all NTHJC shows. It will be the responsibility of the NTHJC show committee to determine any penalties for broken rules.

3.2 Host Barns

- 3.2.1 All shows except the Club shows are managed by the facility hosting the show. The facility management has the responsibility of running their show by the NTHJC rules and guidelines, but the decisions are made by the facility management.

Host barns with less than 100 stalls available to outside horses may hold jumper divisions on Saturday before their show date if desired. Outside horses are defined as horses that live or board at any facility except the Host Barn.
- 3.2.3 NTHJC requires all host barns to carry \$1,000,000 of liability insurance by an approved insurance company for each horse show, listing North Texas Hunter Jumper Club as an additional insured. A copy of the declarations page of the insurance policy showing this information must be sent to the Show Committee Chairperson before the prize list for a show can be approved.

The 2nd round will be a Handy course of at least 6 obstacles, with a minimum of 2 option jumps and choices such as clever jump approaches, hand galloping, trotting a jump, halt, and unrelated distances. 2nd round scores will be based on each entry's numerical scores, plus 1 bonus point for each option jump completed, plus 0-10 points for overall handiness. Scores from the two rounds will be combined for the overall scores and 3 sets of ribbons will be awarded. Ties in the first round are broken by the score of Judge 1, ties in the second round are broken by the score of Judge 2. Ties for first place in the overall standings will be decided by a third classic round, all other ties will flip a coin for ribbons and any prize money added together and divided equally. Judges must sit apart with different vantage points. No schooling of the Derby course will be allowed and placing entries must ride for ribbons. Derby points for Year End Awards will be awarded as follows: 1st-20, 2nd-16, 3rd-14, 4th-12, 5th-10, 6th-8, 7th-6, 8th-5, 9th-4, 10th-3, 11th-2, 12th-1

5.3.11 **CLASSICS AND MINI DERBIES** – that follow a NTHJC Division's requirements will have their points count toward the Year End Overall Points for that division. Points for these classes will use the same point system as regular classes. Hunter Classics & Mini Derbies must be conducted as a 2-round class, either a separate 2 round class or a designated hunter class of the

corresponding division as the 1st Round. If Classics or Mini Derbies involve combined Divisions, the rider is responsible for informing the horse show secretary which Division points will accrue. Jumper Classics will be run as stand-alone classes.

- 5.3.12 A rider must enter the show arena with the correct back number displayed correctly. Failure to have the correct back number properly displayed will result in elimination from that class.
- 5.3.13 If a jumping order is established it must be posted in a conspicuous place at least 30 minutes before the class. The jumping order must be legible to a mounted rider. If a jumping order is used throughout the section, a systematic rotation of the starting list must be employed so that a complete cycle is made during the competition. Failure to enter the ring within one minute after an audible signal to proceed is given incurs elimination. The time limit for enter the ring must be enforced by competition management. Only Management may permit a horse/rider combination to compete out of order to minimize delays and in case of class conflicts.
- 5.3.14 Establishing the Order may be done either manually or via computer. The jumping order for the first round must be established by one of the following procedures:
- a. The horses' names are drawn individually, starting with the first position and then working down. The horses' names are listed and their positions are drawn.
 - b. The horses' names and the positions are both drawn.
 - c. The horses' names are listed (with multiple rides pre-spaced) with the first name drawn becoming the first horse to compete in the first round, the remaining horses following from that point (i.e. the horses' names after the one drawn first is second, the next one third, etc).

6.0 JUMPER DIVISIONS

- 6.1 In the jumper classes, any competitors that are tied after all rounds in the class are completed shall remain tied and equal points will be awarded. Riders must toss a coin for the ribbons, unless management chooses to provide additional ribbons.
- 6.2 Jumping Faults: Faults and elimination are scored as follows:
- Knockdown of obstacle or standard with any portion of horse, rider, or equipment, when jumping an obstacle -- 4 faults.
 - Knockdown of automatic timing equipment, designated markers on start and finish lines -- 4 faults.
 - Disobedience/Refusal anywhere on course --4 faults
 - Third cumulative disobedience/Refusal anywhere on course -- Elimination.
 - Fall of horse and/or rider – **Elimination in accordance with USEF Rules.**
 - Jumping an obstacle before it is reset, or without waiting for signal to proceed -- Elimination.
 - Starting before judge's signal to proceed or jumping obstacle before crossing start line - Elimination.
 - Off course -- Elimination.
 - Rider and/or horse leaving the arena before finishing the course – Elimination
 - Actions against a horse deemed excessive – Elimination
- 6.3 Disobediences: (Note: Coming sideways or zigzagging toward an obstacle does not constitute a disobedience unless the horse passes or turns its back to the next obstacle or the finish line.)

Refusal. Stopping in front of an obstacle to be jumped, whether or not this knocks it down or displaces it, is penalized as a disobedience. Stopping at an obstacle without knocking it down and without backing, followed immediately by jumping from a standstill, is not penalized. However, if the halt continues, or the horse backs even a single step or circles to retake the course, a refusal is incurred.

Run-out. Evading or passing the obstacle to be jumped or the finish line or jumping an obstacle outside its limiting markers is penalized as a disobedience.

Loss of Forward Movement. Halting or stepping backward after crossing the start line, (unless due to a refusal, run-out, or an order from a judge due to unforeseen circumstances such as a fence being blown down,) will be penalized as a disobedience.

Circling. Any form of circle or circles whereby the horse crosses its original track between two consecutive obstacles, or stops advancing toward or turns away from the next fence except to retake an obstacle after a disobedience, is considered a disobedience.

6.4 Knockdowns: An obstacle is considered knocked down when in jumping an obstacle, a horse or rider, by contact lowers any part thereof which establishes the height of the obstacle or the height of any element of a spread obstacle, even when the falling part is arrested in its fall by some other portion of the obstacle; or moves any part thereof which establishes the height of the obstacles so that it rests on different support from the one on which it was originally placed. Narrowing the width of a spread obstacle without altering the height of any elements as defined above is not considered a knockdown. If an obstacle falls after a competitor leaves the ring, it is not considered a knockdown.

6.5 The following classes are the approved choices for NTHJC Jumper classes, any may be used. Note: having a time allowed is optional.

Table II. Sect. 1 – Time First Round: The first round is decided by adding together the faults incurred over the course. Horses with clean rounds or equal faults are classified according to their time taken to complete the course.

Table II, Sect. 2(b) - Time First Jump-Off: The first round and first jump-off, if any, are decided by adding together the faults incurred over the course. If a competitor has gone clean in the first round, the competitor without leaving the ring, upon an audible signal, will commence the designated jump-off course. A competitor with a clear round may dismount, and with assistance if necessary, adjust tack and/or equipment provided they remount and begin their jump-off within the proscribed (45) seconds. The use of time allowed is optional in the first round.

Table II, Sect. 2(c) - Power and Speed: The first round and first jump-off, if any, is decided by adding together the faults incurred over the course. If a competitor has gone clean in the first round, he will, upon crossing the finish line, commence the designated jump-off course. Time starts as the horse crosses the finish line for the initial course. The use of a time allowed is optional in the first round.

Table IV, Sect. 1 - Optimum Time First Round & Table IV, Sect. 2b – Optimum Time 1st Jump-Off. Shows wishing to run Optimum Time classes must use a measuring wheel to establish the Time Allowed. Optimum Time is defined as 4 seconds less than the Time allowed for the course. Time Allowed is based on a minimum speed of 350 meters per minute (382 yards per min), 328 meters per minute (360 yards per min) for small or indoor arenas. The first round is decided by adding together the faults incurred over the course. In case of equality of faults, ties will be broken on the following basis: the horse with the time on course closest to the Optimum Time (over or under) will prevail in the tie.

7.0 POINTS AND YEAR END AWARDS

7.1 Point System

First (1st) place in each class	10	Division Champion	10
Second (2nd) place in each class	7	Division Reserve Champion	6
Third (3rd) place in each class	5		
Fourth (4th) place in each class	3		
Fifth (5th) place in each class	2

Only horses receiving points over fences are to receive under saddle points toward determining champion and reserve champion of each division. In case of a tie, the entry with the most points over fences is the champion or reserve champion. If still tied both will receive full championship or reserve championship points. The results of each division must be posted during the show. Ribbon results will be final at the end of the show and those results must be sent to the NTHJC points keeper who will figure cumulative points based on show results and judges' cards.

7.2 Year End Awards

- 7.2.1 To be eligible for end of year awards a horse must be ridden by a current NTHJC member. All members will be issued a membership number. Memberships for the current show year must be registered by the close of the NTHJC Year End Show so that Year End Awards may be tabulated in a timely manner. Horse names may not be duplicated. The correct show name of the horse must be entered at each show or no points will be accumulated.
- 7.2.2 Points accumulated by a horse during the show year in hunter/jumper divisions will follow the horse through a change of ownership. Equitation points follow the rider.
- 7.2.3 No Year End champion or reserve champion points will be awarded unless all three classes in the division are held. Classes with less than 3 entries will receive ½ points.
- 7.2.4 For Year-End Awards, all ties for Champion will not be broken.

- 7.3.2 Points will be accumulated automatically throughout the course of the season. Riders/trainers are responsible for making any rider changes in the show office **before the close of a show** to ensure points are awarded to the correct individual. No rider changes will be made after the close of a show. **Tip:** Trainers and riders should check the names on the entry list at the gate to be sure all riders are correct.
- 7.3.3 Points will be earned as follows: Each rider in the top six placings will receive 1 points for each rider they have placed above, including one for themselves. For example, in a class with 10 entries, the points would be awarded thus:

3 rd – 8 points
4 th – 7 points
5 th – 6 points

1 st – 10 points
2 nd – 9 points
3 rd – 8 points
4 th – 7 points
5 th – 6 points
6 th – 5 points
